Introduction

The center of Islamic civilization in Uzbekistan under the Cabinet of Ministers of the Republic of Uzbekistan. "The Civilization, which conducts scientific research on Islamic history, held its official opening ceremony on March 17, 2026, under the leadership of Shavkat Mirziyoyev on the Eid al-Fitr. The construction works were started in 2017 and fully build in 9 years. Ceo of this center was country's president Shavkat Mirziyoyev and director was Firdavs Abduxolliqov. In addition, the building took place the centre of the Tashkent capital of Uzbekistan. The center combines Uzbekistan's rich cultural heritage from the pre-Islamic and Islamic periods with modern achievements in science, education, and digital technologies. Its activities are aimed at studying, preserving, and promoting the region's contribution to the development of world civilization. Visitors to the center have the opportunity to immerse themselves in a unique atmosphere of history, science, and culture through modern exhibition. Its purpose extends beyond mere exhibition; it is a hub for studying and promoting Islamic culture, medieval science, and the intellectual legacy of great thinkers, clearly demonstrating how science, education, culture, and enlightenment have shaped civilization in Uzbekistan.

The exhibitions clearly demonstrate that Islamic civilization in Uzbekistan has flourished over the centuries through science, education, culture, and enlightenment. For registration, you could buy online tickets in official website www.civilization.com.

LITERATURE REVIEW AND METHODOLOGY

"The Center of Islamic Civilization in Uzbekistan must become an intellectual hub that not only recounts the past but also bridges history, the present, and the future, while defining the fundamental directions of our progress." — Shavkat Mirziyoyev, President of the Republic of Uzbekistan (2025). The center, with its impressive dome, numerous portals, extensive museum, and dedicated facilities for research and public engagement, offers visitors a unique opportunity to immerse themselves in the enduring narrative of Islamic contribution to global progress.

Structure: A modern, three-story building featuring a 65-meter dome and four main portals.

Purpose: Dedicated to studying and promoting Islamic culture, medieval science, and the heritage of great thinkers.

Features: Houses a large museum with artifacts—including ancient manuscripts and archaeological finds—as well as a library.

Architecture & Museum: The building houses a large museum hall with over 2000 rare exhibits, including ancient manuscripts, archaeological finds, and 3D historical scenes.

Library & Activities: An international-level library features a collection of manuscripts, lithographs, and literature for research, while activities focus on the history of Islam, culture, science (astronomy, medicine, mathematics), and tolerance.

Facilities: The center includes a 550-seat conference hall, a restoration laboratory, and special platforms for children.

Conclusion

To conclude, building this architect was an outstanding idea and making it happen was greatest decision in history. Islamic civilization is part of 3rd Renaissance which indicates our history and our future. Statistics shows that building is packed with national and international individuals who came to witness our history with their own eyes. Ironically, the photos and videos of Civilization center was mentioned regularly in BBC podcast in last 10 days that is pride for our community. The Center for Islamic Civilization in Tashkent is a major educational and cultural complex founded in 2017 and inaugurated in March 2026.

It is not just a building; it is a bridge that connects the glorious past of Central Asia with the future. It stands as a testament to Uzbekistan's commitment to preserving and promoting its rich Islamic heritage. This major educational and cultural complex, a fusion of modern architectural marvels and deep historical significance, is dedicated to exploring the flourishing of Islamic civilization over centuries.
